

CLOTHES, ETC.—M. GUTMAN & CO.

CLOTHES

DON'T MAKE THE MAN!

Or buy either, for that matter, but they go a pretty good distance in giving him a presentable appearance, and while you're buying you might as well come and get

FIRST-CLASS, HIGH ART

Clothing at the same price you'll pay for the common run of readymade clothing. We can say, without exaggeration, that the goods we offer this spring will fairly vie with good, merchant tailor garments. It is not only the quality and excellence of these goods we wish to call your attention, but the **EXTREMELY LOW PRICES.**

The efforts made by us this season have been the most strenuous, and have placed us in the position to show you the most magnificent line of Clothing ever brought to this city.

We are showing an extensive line of

FURNISHING GOODS.

M. Gutman & Co.,

SIX FLOORS. TWELFTH AND MAIN STREETS. RETAIL DEPARTMENT.

EASTER NOVELTIES—GEO. E. STIFEL & CO

EASTER NOVELTIES AND SOUVENIRS!

Have You Seen Them? There's a few specimens in the lower window, but that is only a drop in the bucket to the **GREAT LINE INSIDE THE STORE.**

The custom of giving little mementoes as Easter tokens has become almost as prevalent as the giving presents at Christmas time, and hence the necessity of having suitable articles in staple and novelties has been fully realized by our buyers, who have taken special care to get the newest.

Make your Selection for the Easter or Summer Dress this week to get made on time.

If you don't have the time to have a Dress made buy one of our Ready Made Suits or Skirts.

CITY LIGHT PLANTS

The Subject of Much Discussion by the Committee.

ESTIMATE SHOWS A DEFICIENCY.

The Shortage of the Past Year Will Have to be Met by the Finance Committee—The Proposition to Purchase the Wheeling Electrical Company's Plant Revived—Street Improvements.

Last night a joint meeting of the city gas trustees and the council committee on lights was held to consider the estimates of the needed revenues for the coming year and other matters of interest in connection with the gas works and city electric light plant. The gas board presented its figures, which showed a shortage in the estimated revenue of \$14,472.28, as follows:

GAS WORKS, EXPENSES, ESTIMATED.	
Overdrat Jan. 1.....	\$11,987.28
Gas making wages.....	27,000.00
Repairs to apparatus and building.....	2,500.00
Tools.....	800.00
Water supply.....	2,500.00
Service pipe and fittings.....	3,000.00
Coal.....	21,000.00
Purifying material.....	1,500.00
Repairs and extension of mains.....	10,000.00
Attending calls and adjusting meters.....	2,500.00
Salaries of officers, etc.....	7,000.00
One set purifying trays.....	185.00
Feed.....	100.00
Total.....	\$51,472.28

ELECTRIC LIGHT PLANT.	
Wages.....	\$14,000.00
Carbons and globes.....	4,000.00
Oil and waste.....	4,000.00
Repairs of apparatus and buildings.....	3,000.00
Miscellaneous.....	500.00
Total.....	\$29,000.00

Total estimate, \$80,472.28
Estimated receipts, \$66,000.00
Deficit, \$14,472.28

The question coming up how the difference was to be provided for, the committee suggested that that was a problem for the finance committee and council to wrestle with, and the estimate was finally forwarded to council for the action of the finance committee.

The question of the city's right to sell electric light was discussed at some length and with a great deal of interest, and finally the committee decided to recommend that council appoint a special committee to ascertain what the plant of the Wheeling electric company could be purchased for and to consider generally the advisability of making the purchase.

The Fire Department's Needs.

Yesterday afternoon the council committee on fire department made the annual tour of inspection in an omnibus. Six members appeared, and they were driven to all the fire houses in the city. It was agreed to recommend that a new house be built at the Atlantic, as it was considered a waste of money to make any repairs. The house is in a very bad condition and liable to fall down. The Vigilant recently had a new floor put in, and is in pretty good shape. At the hook and ladder the front has let down, and the house needs considerable repairs. The committee

will recommend that the Eighth ward house be remodeled so as to put the horses in the rear. The Niagara needs a new team and painting and waisting. The other houses were found in good condition.

All After Street Work.

At the regular meeting of the board of public works last night there were several councilmen present to urge the board to include special improvements in their wards in the estimates this year. There are scores of improvements asked for, among them the repaving with brick of the lower market square, the paving of Thirtieth street to Byron with brick and from there to Woods with cobbles, and a sewer in the alley back of the Children's Home. The Thirtieth street paving is regarded as particularly urgent.

Death of a Centennarian.

Friday, March 29, there was buried possibly the oldest citizen of Belmont county, Ohio. Elijah T. Perkins was buried at Allendonia, four miles from Beallsville. The deceased was one hundred years, four months and ten days old. He started in life a poor boy, but at his death left 720 acres of good land in addition to considerable personal property.

The Evolution

of medicinal agents is gradually relegating the old-time herbs, pills, draughts and vegetable extracts to the rear and bringing into general use the pleasant and effective liquid laxative, Syrup of Figs. To get the true remedy, see that it is manufactured by the California Fig Syrup Company only. For sale by all leading druggists.
